

**SUPPLEMENTAL AGREEMENT NO. 1**

**THIS SUPPLEMENTAL AGREEMENT** is entered by and between the 30th Space Wing, Vandenberg AFB ("VAFB") and The County of Santa Barbara ("COUNTY"). VAFB and COUNTY may be referred to jointly as the "Parties," and each separately may be referred to as a "Party."

**RECITALS**

A. On 27 April 2008, VAFB granted Memorandum of Agreement No. SPCVAN-2-08-0034 (MOA) to COUNTY for use of Brown Road for temporary pedestrian access for a period of twelve (12) months beginning 27 April 2008.

B. On 15 January 2009, VAFB and COUNTY officials met to determine a plan of action due to the MOA's automatic termination clause which becomes effective 27 April 2009. VAFB and COUNTY officials determined the plan of action to develop a longer term agreement would require more time than what remained under the current MOA. Therefore, it was agreed to extend this MOA to facilitate drafting more detailed procedures and responsibilities (e.g. evacuation, reimbursement, trail maintenance and repair, etc.) for inclusion in a long term MOA.

**AGREEMENT**

1. This Agreement is hereby modified in the following particulars, but no others:

a. The term of the Agreement is extended for a maximum period of an additional twelve (12) months, beginning 27 April 2009 to and including 26 April 2010. Both parties to this MOA shall work diligently to expedite the completion of a long term MOA with more detailed provisions prior to this date of expiration.

b. Paragraph 3.1.5. This paragraph will be replaced with the following: "VAFB shall not be responsible for responding to any request for assistance from traversing pedestrians, including but not limited to, emergency responses to injured traversing pedestrians; instead, COUNTY shall be responsible. Except for costs related to the regular operation and maintenance required to keep vehicles or aircraft in good working condition, COUNTY shall agree to reimburse VAFB for any and all costs and expenses incurred should VAFB be required to respond to any emergency involving an injured traversing pedestrian due to a level of emergency requiring the most expedient response available which may be VAFB resources. If such assistance is deemed necessary by VAFB, air rescue assistance will first be requested of COUNTY at no expense to VAFB. This provision supersedes any other agreement between VAFB and COUNTY regarding emergency response activities where such agreement conflicts with this provision."

c. Paragraph 3.1.6. The following sentence shall be added to this paragraph: "This provision supersedes any other agreement between VAFB and COUNTY where such agreement conflicts with this provision."

2. All other terms and conditions of the Agreement shall be and remain the same.

3. This Supplemental Agreement shall be effective immediately.

**IN WITNESS WHEREOF**, I have set my hand by authority of the 30th Space Wing as of the day and year first written below.

**MEMORANDUM OF AGREEMENT  
BETWEEN  
COUNTY OF SANTA BARBARA  
AND  
VANDENBERG AIR FORCE BASE**

WHEREAS, this Memorandum of Agreement, or "MOA", by and between The County of Santa Barbara, hereafter "County", and 30th Space Wing, Vandenberg Air Force Base, hereafter, "VAFB", is for the purpose of: providing temporary pedestrian access across VAFB property via Brown Road, hereafter, "Premises" (more fully described in EXHIBIT A), for recreational purposes only, under the agreed terms and conditions set forth herein; ensuring the safety of pedestrians traversing Premises; ensuring the security of VAFB is not jeopardized by granting this access; ensuring no interference with operational capabilities, including but not limited to, space and missile missions on VAFB in granting this access.

WHEREAS, the County and VAFB, hereafter, "Parties", agree that neither Party, by executing this MOA, is relinquishing any ownership interest and/or exclusive possessory right either party has to the Premises, or any right or remedy which may arise therefrom.

WHEREAS, both Parties recognize that the State of California is not a party to this MOA and, as such, the State of California determines the open and/or closed status of Point Sal State Beach.

WHEREAS, the Parties agree that this MOA, if not terminated earlier by either Party, will automatically terminate twelve (12) months from the date this MOA is executed by both Parties.

WHEREAS, all obligations of Parties under this MOA shall be subject to appropriated fund requirements and appropriated fund availability. No appropriated funds are obligated by this MOA.

NOW, THEREFORE, VAFB AND COUNTY, THE "PARTIES", HEREBY AGREE AS FOLLOWS:

## **1.0 GENERAL PROVISIONS**

### **1.1. Definitions:**

1.1.1. Parties. The County of Santa Barbara (County) and Vandenberg Air Force Base (VAFB)

1.1.2. Premises. The area currently known as "Brown Road" from the ridge line border of VAFB to the point of intersection with what remains of Point Sal Beach Road, continuing northwesterly to the boundary of VAFB, more fully described in EXHIBIT A, GPS coordinates, and EXHIBIT B, map.

1.1.3. Pedestrian. Human person(s) only, excluding use of any vehicle, including but not limited to, any mechanized vehicles, motorized vehicles, bicycles, carts, wagons, or trailers.

1.1.4. Said Officer. Commander, 30th Space Wing, Vandenberg Air Force Base, or his/her authorized designee.

1.1.5. To be responsible. This includes performing requirement and funding the requirement, unless otherwise stated.

### **1.2. PURPOSE**

1.2.1. This MOA is intended to be an interim agreement to allow pedestrian access across the Premises, as defined in paragraph 1.1.2 and 1.1.3, until a long term, alternative, feasible route to county or state recreational areas can be determined and agreed upon by

Parties, or until the conflicting ownership and possessory interest claims of the parties are resolved.

1.2.2. If such alternative route cannot be feasibly determined within twelve (12) months of the execution of this MOA, this MOA shall terminate, unless the MOA is terminated earlier by either Party.

1.2.3. This MOA is not intended to establish any additional rights or interests in the Premises to either Party; nor is this MOA intended to relinquish any rights or interests each Party deems to possess in Premises.

1.2.4. During the term of this agreement, the Parties shall meet in good faith as necessary to either (1) resolve disputed ownership and possessory interest rights issues or (2) agree on an alternative, feasible, mutually beneficial, easement interest in lieu of the present physical location of Premises.

1.2.5. Parties will also agree to negotiate in good faith with respect to appropriate fencing along the Premises, costs of fencing, and apportionment of costs of fencing. Parties will also consider reasonable and acceptable alternatives to fencing to satisfy safety and security concerns of the use of the Premises.

### **1.3. AUTHORITY**

1.3.1. This MOA is executed by 30th Space Wing Commander, in accordance with Department of Defense Instruction 4000.19.

**1.4. SCOPE AND APPLICABILITY.** Nothing in this MOA shall be construed as doing any of the following:

1.4.1. Conferring benefits upon third parties, or creating any agency relationship between either of the Parties and any third party.

1.4.2. Superseding any applicable state or federal statute, regulations, or other law; or superseding any other previously existing written agreements between Parties, except as explicitly provided for within this MOA

1.4.3. Extending or diminishing the jurisdiction or authority of either Party with regard to their respective duties and responsibilities, or as a waiver of Sovereign Immunity or other legal immunities.

1.4.4. Obligating either Party to expend funds or for the future payment of money in excess of appropriations authorized by law or regulation.

1.4.5. Obligating VAFB to expend any of its own funds or resources in agreeing to provide access to Premises. The use, operation, and occupation of the Premises shall be without cost or expense to the Department of the Air Force.

## **1.5. CORRESPONDENCE**

1.5.1. All correspondence to be sent, and notices to be given pursuant to this MOA, shall be addressed, if to VAFB, to 30 CES/CECBR, 1172 Iceland Avenue Bldg. 11432, Vandenberg AFB CA 93437-6011, and, if to County, to 105 East Anapamu #406, Santa Barbara, CA 93101, unless otherwise noted in this MOA, or as may from time to time otherwise be directed by the Parties. 1.5.2. Notice shall be deemed to have been duly given if and when enclosed in a properly sealed envelope or wrapper addressed as aforesaid, deposited, postage prepaid, and postmarked in a post office regularly maintained by the United States Postal Service, and sent by first class mail.

## **2.0 SPECIAL CONDITIONS AND UNDERSTANDINGS**

### **2.1. CONDITION(S) PRECEDENT**

2.1.1. County shall indemnify, defend and hold VAFB harmless from any and all claims of adjacent landowners or lessors arising out of the use of Premises for the purposes, and under the conditions, described herein.

2.1.2. VAFB retains right to grant additional access or to make additional uses with respect to Premises without regard to this MOA.

## **2.2. ACCESS**

2.2.1. Only pedestrian access is permitted across Premises; and such access is only for recreational uses between sunrise and sunset. Recreational use does not include protest activity or other activities that would affect the safety and security of personnel, property, or other assets of Vandenberg Air Force Base. The only exceptions to the prohibition against vehicular use would be the necessity for such use for emergency responses or for repair or maintenance of Premises.

2.2.2. The use, operation, and occupation of the Premises are subject to the general supervision and control of the commander of the 30th Space Wing, Vandenberg Air Force Base ("Installation"), or his duly authorized representative, hereinafter referred to as "Said Officer", for the purposes of: restricting or terminating access when there is a heightened security threat to military persons, assets, and/or other property near Premises; restricting or terminating access when mission accomplishment requires that such access be temporarily terminated.

2.2.3. In the event all or any portion of the Premises shall be needed by the United States or in the event the presence of County's property on Premises shall be considered detrimental to United States governmental activities, such property that may be present on Premises shall be removed or relocated to such other location or locations on the Premises as may be designated by Said Officer, at no expense to VAFB.

2.2.4. VAFB serves the national defense, and the commanding officer cannot permit the County or traversing pedestrians to interfere with military missions. VAFB is an operating military Installation which is closed to the public and is subject to the provisions of the Internal Security Act of 1950 (50 U.S.C. § 797), and of 18 U.S.C. § 1382, *Entering military, naval, or coast guard property*. Access to the Installation is subject to the control of its commanding officer and is governed by such laws, regulations, orders, and conditions, as have been lawfully promulgated or approved by the Secretary of Defense or by any designated military commander.

2.2.5. Traversing pedestrians shall, at all times, abide by all applicable federal, state, or local statutes, laws, regulations, and rules. Traversing pedestrians shall also not be allowed to take any images or photographs of any Installation property or assets or carry firearms, other weapons, or hunting instrumentalities; nor shall they be permitted to use the Premises for any protest activities, as previously provided in paragraph 2.2.1.

2.2.6. VAFB retains the right to cite and prosecute traversing pedestrians who deviate from the Premises for trespass pursuant to 18 USC § 1382.

2.2.7. VAFB reserves the right to initiate barment proceedings against those who: violate the terms of this MOA; trespass pursuant to 18 USC § 1382; violate any other applicable federal, state, or local statute, law, regulation or rule; are determined to be a threat to security and/or orderly administration pursuant to, but not limited to, the Internal Security Act of 1950 (50 USC § 797) and/or Department of Defense Directive (DoDD) 5200.08, *Security of DoD Installations and Resources*.

2.2.8. The access granted through this MOA is subject to such laws, regulations, orders, and conditions, as provided in 2.2.4, 2.2.5, 2.2.6 , and 2.2.7. Violation of any such laws, regulations, orders, or conditions may result in the termination of this MOA, and other

actions, such as criminal or civil sanctions. Such laws, regulations, orders, or conditions may include, but are not limited to, restrictions on who may enter the Premises, how many may enter the Premises at any one time, and when they may enter the Premises.

### **3.0. PROMISES OF PARTIES**

#### **3.1. County Agrees:**

3.1.1. To communicate and negotiate, in good faith, with adjacent landowners or lessors whose lands may be affected or damaged by trespassers, including being responsive to notices of criminal trespassers or vandals, and other concerns that landowner or lessor that may communicate to County.

3.1.2. To inspect and know the condition of the Premises; accept that they are in an "as is, where is" condition without any warranty, representation, or obligation on the part of VAFB to make any alterations, repairs, improvements, or corrections to defects whether patent or latent; sign a Physical Condition Report (PCR) to reflect the condition of the Premises prior to the Premises being improved or altered by any County activity. The "PCR" prepared by County in coordination with VAFB shall be signed by the respective representatives of the Parties, and attached hereto as **EXHIBIT C** within fourteen (14) calendar days after the Term Beginning Date. The PCR sets forth the agreed physical appearance and condition of the Premises on the Term Beginning Date as determined from a joint inspection of Premises by the Parties. If the condition of Premises is improved, County agrees VAFB shall not be required to reimburse County for any such improvement or alteration.

3.1.3. To be responsible for the elimination of any hazardous or dangerous conditions that are in need of repair on Premises to be sufficiently safe for traversing pedestrians in

order to prevent injury or harm, or that are necessary to eliminate other hazardous or dangerous conditions that may be a fire hazard.

3.1.4. To be responsible for all warnings of any and all dangerous and/or hazardous conditions of Premises that could not feasibly be eliminated, including but not limited to posting and maintenance of warning signage. The location and language of signage will be agreed to by both Parties and also be subject to any applicable environmental statute, regulation, or other law.

3.1.5. VAFB shall not be responsible for responding to any request for assistance from traversing pedestrians, including but not limited to, emergency responses to injured traversing pedestrians; instead, County shall be responsible. County shall also agree to reimburse VAFB for any and all costs and expenses incurred should VAFB be required to respond to any emergency involving an injured traversing pedestrian; the only exception will be for response services already provided for and referenced under the Mutual Aid Agreement between the 30th Space Wing, Vandenberg AFB CA and County of Santa Barbara Fire Department and any action or activity already provided for and addressed in Evacuation Agreement No. SPCVAN-1-93-0006.

3.1.6. To evacuate traversing pedestrians from Premises and the County strip of land adjacent to Point Sal State Beach ("Land") due to any operations at military facilities that could affect or that would be near Premises and Land. VAFB shall notify County of the dates the Premises and Land must be vacated and the duration of each period that the area is to remain unoccupied. Notice shall be given not less than seventy-two (72) hours in advance of any closure or evacuation undertaken pursuant to any space or missile launches, other military training activities, or other operational activities. Closure under this circumstance will be no more than forty-eight (48) hours, unless there is a delay in

the government operation (e.g. launch delay due to weather or other conditions.) Notice and estimated length of a delay will be provided to County as soon as practicable.

3.1.7. To protect, repair, and maintain the Premises in good order and condition at its own expense and without cost or expense to VAFB, subject to notification of such repair or maintenance to 30 CES/CEVP (805-606-0126 or 805-606-2839) and submission of the required Air Force forms to ensure compliance with applicable federal and state law for such actions; samples attached as **EXHIBIT D**. Such repair and maintenance is limited to establishing a safe dirt or gravel trail, unless otherwise agreed to, in writing, by both Parties. None of these activities, nor any other additions or alterations of the Premises, shall be made without written approval of Said Officer prior to commencement of repair or maintenance.

3.1.8. To exercise due diligence in protecting the Premises, and adjacent VAFB property under the control of the United States Government, against damage or destruction by fire, weather, natural causes or other causes that may have resulted from the County's activities or omissions, or the activities of traversing pedestrians. Such other causes may include, but are not limited to, activities that would cause environmental damage or other foreseeable damages or other damages to property for which the County could be held liable under applicable laws as a result of the use and/or maintenance of Premises.

County will promptly repair or replace any property damaged or destroyed as a result of the use and/or maintenance of the Premises under this MOA to the satisfaction of Said Officer. If County fails to promptly repair or replace any such property after being notified to do so by Said Officer, Said Officer may repair or replace such property and County shall be liable for the costs of such repair or replacement.

3.1.9. To comply with all applicable environmental requirements, and in particular those requirements concerning the protection and enhancement of environmental quality, pollution control and abatement, safe drinking water, and solid and hazardous waste. At no time, shall it be permitted to bring any hazardous materials, hazardous wastes, or hazardous substances to or through Premises. Responsibility for compliance with such requirements includes accepting liability for any fines, penalties, or other similar enforcement costs resulting from use of Premises. If VAFB receives any Notices of Violation (NOV) or similar environmental citations for non-compliance for violations on Premises, County will be responsible for any such costs, fines, fees, penalties, or assessments.

3.1.10. Not to remove or disturb, or cause or permit to be removed or disturbed, any historical, archaeological, architectural, or other cultural artifacts, relics, vestiges, remains, or objects of antiquity. In the event such items are discovered on the Premises, County shall ensure all activity ceases at the site and immediately notify Said Officer and protect the site and the material from further disturbance until Said Officer gives clearance to proceed. Any costs resulting from unreasonable delay in notification shall be the responsibility of County.

3.1.11. To immediately report any discovered unexploded ordnance to Said Officer (via Law Enforcement (LE) Desk at 606-3911 or Command Post via 606-9961), as that term is defined in Title 10, United States Code. Such unexploded ordnance will not be disturbed.

3.1.12. Restore the Premises to its original condition without expense to the United States, if the change in the original condition was detrimental to VAFB and/or violated any statute, regulation, or other law, on or before the date of expiration of this MOA or its

earlier termination by either Party. Such restoration shall include, if applicable, removal of contamination caused by use of Premises.

3.1.13. Not to require that VAFB reimburse County for new conditions or improvements to Premises. Any new conditions or improvements become property of the United States Government, unless otherwise expressly agreed to by the Parties, in writing.

3.1.14. Be responsible for adequately marking the Premises upon which traversing pedestrians may travel, and shall limit access to the hours between sunrise and sunset. Such responsibility includes, but is not limited to: installation, maintenance, and management of a gate at the VAFB northeastern boundary entry point to Premises to restrict access to pedestrian traffic only and a gate at the Point Sal Beach/Brown Road/Point Sal Road intersection area to restrict access beyond that point. Both Parties must agree as to location and design or configuration of gates.

3.1.15. To comply with all applicable federal, state, interstate or local laws, regulations, and requirements/rules. This may include the need to obtain permits to engage in activity permitted under this MOA. VAFB is not responsible for obtaining permits for County, nor for allowing County to use permits obtained by VAFB. If any violations of such federal, state, interstate or local laws, regulations, and requirements/rules by traversing pedestrians cause VAFB to incur any costs, fines, fees, or penalties resulting from such violations of traversing pedestrians, County promises to reimburse VAFB for such costs, fines, fees, or penalties. The only exception to County reimbursement would be liability not likely to be found due to extreme, legally superseding causes or events such as declared terrorist activities or other similar activities.

3.1.16. VAFB shall not be responsible for damage to property or injuries to persons which may arise from, or be attributable or incident to, the condition or state of repair of

the Premises, due to its use and occupation. County assumes all risks of loss or damage to property and injury or death to persons, whether due to the activities of its officers, employees, contractors of any tier, agents, or others, including but not limited to traversing pedestrians, by reason of or incident to use and/or maintenance of the Premises for recreational activities. County shall, at its expense, pay any settlements of or judgments on claims arising out of the use and/or maintenance of the Premises for such recreational activities. The only exception to County liability would be liability not likely to be found due to extreme, legally superseding causes or events such as declared terrorist activities or other similar, unforeseeable activities.

3.1.17. To indemnify and hold VAFB harmless against any and all judgments, expenses, taxes, liabilities, claims, and charges of whatever kind or nature that may arise as a result of the activities of County, its officers, employees, contractors of any tier, agents, or others, including but not limited to traversing citizens, by reason of or incident to use and or maintenance of the Premises for recreational activities, whether tortious, contractual, or other, except to the extent such claim or charge is cognizable under the Federal Tort Claims Act or except for instances where liability would not likely be found due to extreme, legally superseding causes or events such as declared terrorist activities or other similar, unforeseeable activities. Since the use of the Premises is strictly for the purpose of recreational activity, Cal Civ Code § 846 shall apply.

### **3.2 VAFB agrees:**

3.2.1. For normal space, missile, and training operations, including but not limited to launches near area, VAFB agrees to notify County of the dates the Land must be vacated and the duration of each period that the area is to remain unoccupied. Notice shall be given not less than seventy-two (72) hours in advance of any closure or evacuation

undertaken pursuant to any space or missile launches, other military training activities, or other operational activities. Closure under this circumstance will be for no more than forty-eight (48) hours, unless there is a delay in government operations (e.g. launch delay due to weather or other conditions.) Notice and estimated length of delay will be provided to County as soon as practicable.

3.2.2. For other closures not covered by paragraph 3.2.1, to provide a thirty (30) day written notice of the reasonable basis for the necessity of restriction or termination of access to Premises when such notice will not compromise the safety of any person or the security of VAFB or VAFB personnel. If, for any reason, such advance notice is not feasible, e.g. sudden emergency declaration of increased space and missile readiness or force protection condition, VAFB agrees to notify County immediately following the restriction or termination of access and provide the basis for such termination to the extent such disclosure is permitted under applicable security regulations and measures or any other applicable statute, regulation or other law. Upon cancellation of such conditions, VAFB will withdraw such restriction or termination of access and provide access.

3.2.3. To respond to emergencies on Premises if an initial response by the County would not be sufficient to prevent the loss of life or prevent the destruction of VAFB property. However, VAFB would retain rights to reimbursement from the County as provided in paragraph 3.1.5.

3.2.4. To respond to, handle, and/or dispose of any discovered unexploded ordnance on Premises of which VAFB was notified, as provided in paragraph 3.1.11.

3.2.5. If its capabilities permit, to consent to provide certain maintenance services related to use of Premises to County on a reimbursable basis.

#### **4.0. STANDARD PROVISIONS**

**4.1. GOOD FAITH.** The Parties agree in good faith to work to fulfill the purposes of this MOA. Nothing in the MOA restricts the Parties from participating in similar activities or arrangements with other public or private agencies, organizations, or individuals.

**4.2. AMENDMENT.** Neither this MOA nor any provision hereof may be waived, modified, amended or discharged except by an instrument in writing signed by both Parties' duly authorized representative(s).

**4.3. ENTIRE AGREEMENT.** This MOA constitutes the entire agreement of the Parties with respect to matters set forth herein and it supersedes all prior or contemporaneous understandings or agreements between Parties with respect to the subject matter of this MOA. The only exceptions are that neither Party, by executing the MOA, is relinquishing any ownership interest and/or exclusive possessory right either party may have to the Premises, and that nothing in this agreement shall be deemed to supersede any existing "Evacuation Agreement" between the parties.

**4.4. SEVERABILITY.** If a court of competent jurisdiction determines that any part of this MOA is invalid or illegal, other parts not so determined shall remain in full force and effect. Until the Parties agree on a replacement provision, such invalid or illegal severed provision shall not be enforced.

#### **4.5. TERMINATION AND EXCLUSIVE REMEDY.**

**4.5.1.** If no alternative route can be feasibly determined within twelve (12) months of the execution of this MOA, this MOA shall terminate, unless the MOA is terminated earlier by either Party. At no time and under no condition shall the term of this MOA exceed twelve (12) months.

4.5.2. Violations of laws, regulations, orders, or conditions, as provided in paragraph 2.2.4, 2.2.5, 2.2.6, or 2.2.7, shall also be a basis upon which this MOA may automatically terminate.

4.5.3. Either Party may withdraw from this MOA by a written 30 days notice to the other Party, and after a good faith attempt to resolve the issue prompting the withdrawal. Upon the withdrawal of the Party, the MOA shall terminate. The only remedy to either Party of a breach of this MOA shall be termination of this MOA pursuant to this Section.

**4.6. CONDITION AND PARAGRAPH HEADINGS.** The headings contained in this License, its Attachments, and Exhibits are to facilitate reference only and shall not in any way affect the construction or interpretation hereof.

SIGNATURE PAGE

This MOA shall become effective upon the last date of either Party to execute this document, and shall remain in effect unless it terminates as provided in paragraph 4.5.

This MOA may be executed in one or more counterparts, each of which when taken together will be considered an original document. Each signatory below attests that he or she is duly authorized to execute this MOA on behalf of the Party he or she represents.
